Application No.: 09/691,298

Amendment Dated December 10, 2004

Reply to Office Action of September 29, 2004

# Remarks/Arguments:

Claims 24-30 have been allowed. Claims 31-34 stand rejected.

# **Drawings**

The Examiner has disapproved the replacement drawing sheets filed in the previous Response to the Office Action, because each was not identified in the top margin as a "Replacement Sheet". In addition, the Examiner requested that marked-up copies of the replacement sheets also be submitted.

Applicants are now submitting the same drawing sheets that have been submitted on July 2, 2004. One set of sheets contains the caption at the top margin of "Replacement Sheet" and the other set, indicated by "Marked-up Copy", shows, in red, the changes made to the figures.

As noted, the only changes made to Figs. 11, 17, 24, 27, 28, 29 and 30 are the addition of the legend "Prior Art". No other changes have been made.

### Section 112 Rejections

Claims 31-34 have been rejected under Section 112, as being indefinite for failing to particularly claim the subject matter of the invention. Applicants have now amended claims 31, 32, 33 and 34 to overcome these Section 112 rejections.
